EDUCATION:

- ✚ Master of Computer Applications (MCA) 2024
- ✚ Regent Education & Research Foundation, MAKAUT University
- ✚ CGPA: 7.7
- ✚ Bachelor of Computer Applications (BCA)– 2022
- ✚ SWAMI VIVEKANANDA INSTITUTE OF MODERN STUDIES, MAKAUT University ✚
- CGPA: 8.59
- ✚ Higher Secondary (12th) – 78% – 2019
- ✚ WBCHSE – West Bengal Council of Higher Secondary Education
- ✚ Secondary (10th)– 54% – 2017 ✚
- WBBSE – West Bengal Board of Secondary Education

CERTIFICATION:

- ✚ Java SE Certification – MySirG (2023)
- ✚ Java Full Stack Developer – QSpiders (6-month training, 2025)

OBJECTIVE:

Enthusiastic and detail-oriented Full Stack Java Developer with hands-on experience in developing scalable web applications using Core Java, Spring Boot, Hibernate, and React.js. Proficient in RESTful API development, object-oriented programming, and frontend-backend integration. Strong team player with logical thinking and eagerness to contribute to innovative projects. Seeking an entry-level opportunity to build impactful solutions while growing technically.

PROJECT:

PROJECT 1: KEEPER APP

Frontend Developer | Jan 2024 – Mar 2024

Tech Stack: React.js, HTML, CSS, JavaScript

- **Role:** Solely responsible for frontend development.
- Built a note-keeping web app with responsive UI and full CRUD features.
- Used React Hooks for dynamic updates and user interaction.
- Styled with CSS Flexbox and Media Queries for mobile responsiveness.

TECHNICAL SKILLS:

Backend: Core Java, Spring Boot, Hibernate, Servlet, JSP

Frontend: HTML5, CSS3, JavaScript, React.js

Database: Sql, Mysql (workbench basic)

Tools & IDEs: Eclipse

Concepts: OOPs, Collections, Exception Handling, Multithreading

APIs & Version Control: REST APIs, Git (basic)

SOFT-SKILLS:

- 🌟 Leadership
- 🌟 Team -player
- 🌟 Analytical and logical Thinking 🌟
- Adaptability

ACHIEVEMENT:

- 🌟 Led a 4-member team in developing a full-stack web application using HTML, Tailwind CSS, and React.js during college final year.
- 🌟 Build a solo project Using React.js and Bootstrap which also mobile responsive

PERSONAL-DETAILS:

- 🌟 Date of Birth: 20-07-2001 🌟
- Hobbies: Learning new Technology, Travelling, Solving Logical Puzzle
- 🌟 Languages Known: Hindi, English 🌟
- Location: Kolkata, West Bengal

PROJECT 2: AI-BASED COURSE MANAGEMENT SYSTEM

College Team Project (4 members)

Tech Stack: Java, Spring Boot, Hibernate, HTML, CSS, JavaScript, MySQL

🔗 Project Summary

A web-based course platform that provides AI-generated subject and course recommendations based on user learning patterns and activity.

🔗 My Contribution (Frontend Only)

- Designed and developed the complete **frontend UI using HTML, CSS & JavaScript**.
- Created **responsive dashboard pages** for courses, student profile, and learning history.
- Implemented **API integration** with backend Spring Boot services to fetch courses and user suggestions.
- Worked closely with backend developers to **map UI forms ↔ REST APIs**.
- Improved **navigation and user experience** using **clean layout and reusable UI components**.
-

PROJECT 3: LIBRARY MANAGEMENT SYSTEM – Full-Stack Java Project

Tech Stack: Java, Spring Boot, Hibernate/JPA, MySQL, Swagger UI, React.js, Axios, CSS

🔗 Project Summary

A full-stack web application built to manage libraries, users, addresses, and book borrowing operations.

The system supports end-to-end CRUD functionalities and secure REST API integration with a modern React frontend.

🔗 Responsibilities

- Designed and implemented **RESTful APIs** using Spring Boot and JPA.
- Built **4 core modules**: User, Address, Library, Books with relational mapping.
- Added **borrow and return functionality** with validation & exception handling.
 - Integrated ModelMapper, DTO patterns, and Global Exception Handler for clean architecture.
 - Documented all APIs using Swagger UI for testing and validation.
 - Developed a fully responsive React frontend with axios integration.
 - Implemented dynamic UI features such as search, auto refresh, scroll animations & progress UI.
 - Used Reusable components and state management for clean modular development
