SUMMARY

Results-driven Software Developer with 8 months of experience in ERP development for School and College systems, proficient in Angular, C#, ASP.NET MVC, SQL Server, and Core Java, with strong problem-solving, teamwork, and adaptability skills.

SKILLS

Frontend: HTML, CSS, JavaScript , Angular

Programming Languages: C ,Core Java , C#

Backend: ASP.NET MVC, .NET Framework,

Database: SQL Server (Joins, Stored Procedures, Optimization), Oracle (SQL,PL/SQL)

Concepts: OOPs, MVC Architecture, REST APIs, CRUD Operations, DSA

Tools: Visual Studio, VS Code, Eclipse, Git, GitHub.

Soft Skills: Teamwork, Time Management ,Analytical Thinking, Flexibility

EXPERIENCE:

Software Developer | JeanyPr PLT Company.

Duration: 1 Year.

Developed and maintained ERP modules for School & College systems.

Built responsive UI using Angular and backend solutions with ASP.NET MVC & C#

Optimized SQL Server queries and resolved system issues for better performance.

Collaborated with teams to deliver production-ready features on time.

PROJECTS

ERP System (Production Level)

- Contributed to a live ERP platform managing student and admin workflows in real-time.
- Built dynamic and responsive UI using Angular, HTML, CSS, and JavaScript.
- Developed scalable backend logic with ASP.NET MVC and C#.
- Optimized SQL Server queries and procedures for improved system performance.
- Delivered production-ready features, ensuring smooth operation across modules.

CRUD Application (Portfolio Project)

- Developed a full-stack CRUD application using .NET Framework, C#, and SQL Server.
- Implemented complete Create, Read, Update, Delete operations.
- Designed basic UI and connected it to backend logic for data management.
- Served as a practice project to strengthen understanding of full-stack development principles.

EDUCATION

- Bachelor of Computer Application (BCA) - Gaya College, Gaya (Magadh University) | 71% | 2023
- Higher Secondary (XII)-MIRZA GHALIB College | 2020
- Secondary (X)- QUASIMI High School| 2018

CERTIFICATIONS

- Java with DSA - Coding Blocks
- Core Java Programming – Naresh IT
- HTML, CSS, JavaScript – Offline Course Naresh IT

ACHIEVEMENTS

- Solved 50+ problems on LeetCode & HackerRank
- Strong problem-solving and analytical skills
